MARCH OF DIMES LEADS THE FIGHT FOR THE HEALTH OF ALL MOMS AND BABIES.

We believe that every baby deserves the best possible start. Unfortunately, not all babies get one. **We are changing that.** From advocacy to education to research, we're working to level the playing field so that all moms and babies are healthy. Because when a society supports every family, the future is brighter for us all. And when communities work together, even the toughest problems can be solved.

OUR ORGANIZATION DOES THIS BY:

- Supporting research toward solutions that ensure every baby is born healthy.
- Advocating for policies that prioritize the health of moms and babies.
- Providing resources and programs to help moms before, during and after pregnancy.
- Educating medical professionals on known solutions to improve the care that moms and babies receive.
- Uniting local communities across the nation through events and collaboratives.
- Partnering with organizations and companies committed to helping moms and their families.

EACH YEAR IN THE UNITED STATES:

- Nearly 4 million babies are born.
- Nearly half a million babies are born prematurely or with birth defects.
- More than 23,000 babies die before reaching their first birthday.
- In addition to the human toll, the societal cost of premature birth is more than \$26 billion per year.

IN THE LAST YEAR:

- We funded research grants totaling nearly \$16.7 million.
- We invested \$5.56 million in maternal and child health community grants.
- More than 80,000 families with a newborn in intensive care were offered comfort and information through NICU Family Support®.
- About 16,000 babies in the U.S. received life-saving surfactant therapy developed with funding from March of Dimes.
