## 2016 March of Dimes Chefs Challenge

The March of Dimes Chefs Challenge provides your Company with a unique cause marketing opportunity to cobrand your business with the vital mission of the March of Dimes.

Your company will shine in the eyes of approximately 125 affluent community members and business professionals who come to support our mission while enjoying an evening of fine cuisine, created by local celebrity chefs, flowing wine and spirits, and silent auction packages.

**The March of Dimes mission is to improve the health of babies by preventing birth defects, premature birth, and infant mortality.**

### WHAT MAKES US DIFFERENT

Through the discovery of the Salk vaccine in 1952, March of Dimes earned the distinction of being the first and only organization to conquer the disease for which it was founded. With the virtual eradication of polio in the United States, the organization continues to focus on the major threats to the lives and health of children and babies – prematurity, birth defects and infant mortality.

### WHAT WE ARE DOING TODAY

Over 4 million babies were born last year and March of Dimes helped each and every one through 75 years of research, community programs, medical breakthroughs and vaccines.

The March of Dimes Chefs Challenge will fund research and community programs so that more babies will be born healthy, strong, full-term and with the bright prospect of celebrating a first birthday.
