

FIELDS FAMILY LEGACY AWARD

March of Dimes in Chicago is pleased to honor The Friedenberger Family as the 2022 Fields Family Legacy Award recipient.

Established in 2017, the award was named in honor of long-time March of Dimes supporters, Dan and Amy Fields, and their family. The spirit of the award is to celebrate an ideal partner who has exemplified outstanding generosity, leadership, and dedication to the mission of March of Dimes.

Kirk and Karri Friedenberger are long-time March of Dimes supporters. They became involved in 2004 after experiencing preterm birth first-hand.

In February, 2001, their twins, Hanna and Quinn, were born at just 25 weeks weighing less than two pounds each. They required ventilators to breathe for them, a multitude of medications to maintain their heart rates and blood pressure and weekly blood transfusions. Both suffered bleeding in the brain, battled several infections and required IV nutrition. They finally came home after a 92 day stay.

Since becoming involved in 2004, Kirk and Karri have participated in countless March of Dimes events and campaigns, including Signature Chefs Auction, Lobby Day, and March for Babies.

On the mission side, Karri has tirelessly dedicated herself to helping other NICU families. She served on the National Volunteer Leadership Council from 2007 to 2009 and serves as a resource for families on the March of Dimes' online community, Share Your Story. Karri also currently works as a Parentwise Volunteer at Ann & Robert H. Lurie Children's Hospital, where she supports families as they navigate life in the NICU.

The Friedenbergers have served as vocal advocates for the March of Dimes mission by leading their March for Babies team, Team Tiny Feet, for the last 18 years. Each year, dozens of their friends and family members gather together to walk in support of Hanna and Quinn.

Both Kirk and Karri serve on the Chicago Market Board of Directors. Kirk was Board Chair from 2016 to 2020.

The Friedenberger Family will be honored at the March of Dimes Signature Chefs Auction, which is one of the city's top culinary events. The details are as follows:

Friday, October 28 at 5:30 p.m.
Radisson Blu Aqua Hotel
221 North Columbus Drive | Chicago, IL 60601
signaturechefs.org/chicago

We invite you to commemorate this meaningful award by making a gift in honor of The Friedenberger Family. Please refer to the following pages for sponsorship and Tribute Gift opportunities.

ABOUT MARCH OF DIMES

March of Dimes imagines a world where every mom and baby is healthy regardless of wealth, race or geography. Our goal is to end preventable maternal risk and death, preterm birth and infant death.

OUR ORGANIZATION DOES THIS BY:

- Supporting research toward solutions that ensure every baby is born healthy.
- Advocating for policies that prioritize the health of moms and babies.
- Providing resources and programs to help moms before, during and after pregnancy.
- Educating medical professionals on known solutions to improve the care that moms and babies receive.
- Uniting local communities across the nation through events and collaborations.
- Partnering with organizations and companies committed to helping moms and their families.

IN THE UNITED STATES:

- Nearly half a million babies are born prematurely or with birth defects each year
- 1 in 10 babies are born preterm. The rate is highest for black babies followed by Native American and Hispanic babies.
- Every hour 2 babies die.
- Every day 2 women die from pregnancy related causes making the U.S. the most dangerous developed country to give birth.
- In addition to the human toll, the societal cost of premature birth is more than \$25.2 billion per year.

IN THE LAST YEAR:

- 4,000,000 babies benefited from our research, vaccines, education, advocacy and breakthroughs.
- About 16,000 babies in the U.S. received life-saving surfactant therapy developed with funding from March of Dimes.
- Over 50,000 families benefited from our NICU Family Support program, which aims to improve the NICU experience for families through education and support. Even more received information and comfort through our MY NICU Baby® App and Mi Bebé en la NICU
- Women in more than 20 states received group medical care, prenatal education, childbirth preparation and postpartum care education through our Supportive Pregnancy Care program.
- 2,400+ nurses received in-person professional education and 525 nurses received virtual training.
- We led a coalition of public health, patient and provider organizations to promote reauthorization of the federal Newborn Screening Saves Lives Act and advocated on over 150 state legislative bills.

COVID-19:

The pandemic is putting mom and baby health even more at risk. Your support provides:

- Research for COVID-19 treatments ensuring they are inclusive and safe for pregnant and lactating women.
- Advocating efforts needed to help those families impacted by COVID-19.
- Resources and training for doctors and nurses in the ICU and NICU who are fighting tirelessly for moms and babies every day.
- Opportunities for maternal and child health experts, expectant moms and new parents to come together to get the latest news, information and resources during the COVID-19 pandemic to prepare for birth and caring for a newborn at home.
